Year 5 Learning Equipment

As children move into Year 5 and Year 6, we support them in becoming more independent and responsible for their learning — including being prepared with the right equipment for lessons.

To help with this, pupils in these year groups are welcome to bring in their own **named pencil case** with the following items (see list below). This is optional, and we will continue to provide everything needed in class — we understand that not all children will want or need their own resources, and that families may not be able to provide everything listed.

Children who have earned their **Pen Licence** will carry this forward into the next year, although staff will continue to monitor handwriting and may ask children to return to pencil if needed.

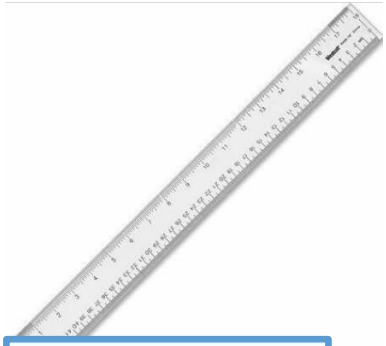
If you have any questions, please do get in touch. Thank you for your support as we help the children build confidence and independence. Thank you.

HB Pencils

(2 or 3)

Purple editing pen

(purple ink Biro)



30cm ruler

Glue Stick

School scissors—

(130mm length maximum)

Pencil sharpener

White school rubber
